

PLATT LIGHTWEIGHT RAIL MOUNT

A highly versatile and flexible front machine gun mount ideal for soft-skinned special forces, reconnaissance and patrol vehicles

*In service with
the Australian Army*

Platt Lightweight Rail Mount

Developed for the Australian Army's new G-Wagon 6x6 surveillance reconnaissance vehicle, the Platt Lightweight Rail Mount is an innovative weapon mount especially suited to the front passenger position in soft-skinned, open-topped vehicles for patrol, reconnaissance and special operations.

Leveraging off the company's combat proven Swing Mount, the Lightweight Rail Mount is instantly adjustable for left or right-handed gunners and multiple arcs of fire.

Tested by Australia's Defence Materiel Organisation, standard features include a multi-weapon cradle, travel lock and separate bins for 5.56mm and 7.62mm ammunition.
